

Kyle Coburn, RA, LEED AP

Director

Kyle Coburn is a registered architect with over 10 years of design-focused experience across a variety of scales and project types. Kyle was closely involved with the design, approval, and production phases for the 212 Stuart Street Residences. He also managed the design effort for a number of multi-family residential projects, including the W 2nd St / Zero Athens Residences in South Boston. Additionally, Kyle ran the Construction Administration phase for the Shopper's Park Amphitheater in downtown Boston as well as for the Qianhai Art Pavilions located in Shenzhen, China. Kyle's previous experience is in the design of cultural institutions throughout the country, including the Culture Shed in New York and the Perot Museum of Nature and Science in Dallas, TX.
